Assets

Altruistic

Desire to do good in and for my community, be it in my own home or the global stage. Warm and selfless, I believe that if I can just bring people together, they can do a world of good.

Natural Leaders

More than seeking authority myself, I often end up in leadership roles at the request of others, cheered on by the many admirers of my strong personality and positive vision.

Tolerant

Reliable

Skills

Communication

Data Analysis

- Cleanse a Dataset
- Represent Variables
- Perform a Univariate Analysis
- Perform a Bivariate Analysis

IT Project Management

Travel

Ghana Kumasi and Accra for the Africa Open Science and Hardware Summit in 2018.

Morocco I move from Benin to Moroco in December 2020.

Work experience

From June 2016 to October 2020 **Research Assistant** [APSOHA](#) Cameroun

I contributed to the research work within a network of researchers in Africa through the collection and analysis of statistical data, the design & management of 4 websites, and the organization of 3 scientific meetings in Benin.

From April 2018 to October 2020 **Research Assistant** [IMHOTE LAB](#) Parakou, Benin

Digital science research laboratory where I did my bachelor's internship and then followed up on the project teams within the organization. I had the opportunity to supervise two cohorts of 16 interns in their undergraduate projects.

From March 2020 to April 2020 **Date collection agent** [Africa Green Corporate](#) Ndali, Benin

Census of women to contribute to the production of organic shea butter.

From May 2019 to June 2019 **Field Experiment Data collection Team Supervisor** [Association Karité Bénin](#) Benin, Benin

The association karité Bénin is the national umbrella organization for the 07 groups of actors in the shea industry in Bénin.

From January 2017 to August 2020 **Co founder & Manager** [Club Science Ouverte de Parakou](#) Parakou, Benin

A club that fights against cognitive injustice and promotes open science through training on digital tools and conferences. I organize 12 training sessions and use Facebook to share knowledge and pieces of information with a community of more than 100 peoples.
